Quarantined counties: Berks, Bucks, Carbon, Chester, Delaware, Lancaster, Lebanon, Lehigh, Monroe, Montgomery, Northampton, Philadelphia, Schuylkill.

DO YOU LIVE OR WORK IN A QUARANTINED AREA? HERE'S WHAT YOU NEED TO KNOW:

Meet the Spotted Lanternfly

A plant hopper, the spotted lanternfly is known to lives off of over 25 species in Pennsylvania and has the potential to greatly devastate the grape, tree fruit, plant nursery and timber industries.

What do you need to do?

All we ask, is that you look before you leave the quarantined area. Inspect your car or other belongings that have sat outside. Look for the spotted lanternfly (or their egg masses) to avoid transporting the pest.

Are you in the #SpottedLanternfly quarantine area? Here's how you can help! Look before you leave the quarantine area. Check your vehicle (or camper, truck, trailer, baggage, etc.) for insects or egg masses before travelling home or out of the area to reduce the risk of spreading the pest to non-quarantined areas.

Quarantined counties: Berks, Bucks, Carbon, Chester, Delaware, Lancaster, Lebanon, Lehigh, Monroe, Montgomery, Northampton, Philadelphia, Schuylkill.

The [#SpottedLanternfly](#) threatens some of Pennsylvania's most valuable commodities, we need all hands-on-deck as we work to eradicate this invasive species and protect Pennsylvania's economy. Those living in counties quarantined can help by looking for and scraping egg masses and practicing "look before you leave" to avoid transporting hitchhikers to neighboring counties or states.

SPOTTED LANTERNFLY

\$16.7 billion in state forest products

\$944 million in nursery & landscape products

\$87 million in apples

\$28 million in grapes

\$19 million in peaches

are at risk.

The #SpottedLanternfly will hitch a ride any way possible! Always check your vehicle (and anything else you're transporting), before you leave a quarantine area. Quarantine: <http://bit.ly/2IGJQzQ>

The #SpottedLanternfly is a threat to grapes, hardwoods, hops and orchards – we need your help to save our precious commodities. Visit our website for more on the pest and how you can help our efforts: <http://bit.ly/2iofehr>

If you're in one of these Pennsylvania counties, it is crucial that you look before you leave for adult #SpottedLanternfly hitchhikers or egg masses on your vehicle (or anything else you're bringing on your travels). Help us stop the spread of this bad bug.

Quarantined counties: Berks, Bucks, Carbon, Chester, Delaware, Lancaster, Lebanon, Lehigh, Monroe, Montgomery, Northampton, Philadelphia, Schuylkill.
